MEDICARE QUESTIONNAIRE

MEDICARE SCREENING SERVICES

Medicare does not cover preventative examination services. However, it does cover some of the screening services that are often provided during a preventative visit. The screening services are discussed below.

COLLECTION OF SCREENING PAP SMEAR SPECIMEN

Medicare reimburses for collection of a screening Pap Smear every two years in most cases. A screening Pap Smear is performed in the absence of an illness, disease or symptoms. This service is reported using HCPCS code Q0091.

HIGH RISK FACTORS FOR CERVICAL CANCER

- | | | |
|---------------------------|--------------------------|---|
| <input type="radio"/> Yes | <input type="radio"/> No | My onset of sexual activity was under 16 years of age. |
| <input type="radio"/> Yes | <input type="radio"/> No | I have had five or more sexual partners in my lifetime. |
| <input type="radio"/> Yes | <input type="radio"/> No | I have a history of sexually transmitted disease.
(PID, Gonorrhea, Chlamydia, Syphilis, Herpes, Warts, HPV or HIV) |

HIGH RISK FACTOR FOR VAGINAL CANCER

- | | | |
|---------------------------|--------------------------|---|
| <input type="radio"/> Yes | <input type="radio"/> No | I had prenatal exposure to DES (diethylstilbestrol). DES is a drug that was given to many women during pregnancy for nausea or threatened pregnancy loss. |
